

A Call To Action.

We, the members of the Governor's Commission on Building for the 21st Century, call upon all Californians to help create and maintain the infrastructure we will need to support California's economic progress and quality of life for the next generation, and for generations to come. No one else will do it but us, and none of us can do it without each other.

Join us.

*"As we enter the door
to this new millennium,
it is our privilege
to stand on the shoulders
of those who preceded us
and our duty to
reach higher still."*

Governor Gray Davis,
State of the State Address, January 2000
